

## Here are some tips about watching the St. Paul's livestream:

1. Be patient when the technology is slow and not perfect:
  - ❖ At times the livestream is a little slow to start.
  - ❖ From time to time the stream may drop or freeze.
  - ❖ **You may need to reload the page for the livestream to resume in your internet browser.**

The reload/refresh button looks different in each browser. This is In Chrome.

- ❖ It also may take a moment for the livestream-camera-minister-of-the-day to reconnect to the stream. Trust they are working hard to restore the stream so all can worship together.
2. **Visit the livestream page a few minutes before worship starts** to open/download the bulletin with hymns, note the button for donations, and sign in with our virtual friendship pad.
  3. You can also join worship on our St. Paul's UMC Facebook page where we will be live. From Facebook you can leave comments.
  4. We would LOVE for you to take a picture or two of your home worship experience. You can post your picture on the Facebook page or send it to Pastor Teressa ([tsivers@stpaulsithaca.org](mailto:tsivers@stpaulsithaca.org)) so we can all see each other.
  5. If all goes well, a video of the service is automatically uploaded to YouTube within an hour and you can view it there. If there are glitches, it will be processed and uploaded manually within a few days.
